## Premier PHILIPPINES

Integrated accounting, billing, inventory and multiple-currency management software

Accounting software for any kind of business.

The more your business grows, the more you rely on your accounting software to help you manage transactions and the other facets of your business. Chances are more of your team will also need to access your business information.

ABSS Premier is for businesses that need to streamline accounts procedures, simplify complex inventory issues, require multi-currency capability, bill for time or increase productivity with multi-user capability.

### Business Insights runs as a separate program

Business Insights can remain open while you have your company file open. If you want, you can analyse data using Business Insights while other users enter transactions in your company file. Click Refresh to update information with their changes.

With the addition of Business Insights you now can make smarter decisions in a shorter period of time.

### Record foreign currency transactions

With ABSS Premier, you can sell and purchase goods and services in foreign currencies and perform a whole range of tasks in multiple currencies including:

- Sales and purchases transactions
- Customer and vendor payments
- General journal entries
- Cheques and deposits

Supports your global business

### Put your best stock forward

ABSS Premier automatically adjusts your inventory as you sell items. Unlike most other systems, ABSS Premier goes the extra mile by giving you the flexibility and freedom when working with inventory transactions as you can:

- Recall
- Edit
- Reverse
- Delete inventory adjustments and transfers

Powerful reporting options also allow you to easily reconcile your stock on hand with your inventory account for any given date. ABSS Premier also features a sophisticated pricing matrix with:

- Five quantity breaks and
- Six Pricing Level

This allows you to map out pricing and sale strategies based on customer status.

Get your stocks to work for you

### Get Started Fast

To help you get started, the Premier Easy Setup Assistant prompts you with a series of questions that helps you set up your accounts according to your industry and business needs - you can be up and running in minutes.

You can then get straight into recording your business transactions, even if you aren't familiar with accounting concepts and principles. ABSS Premier does all the double-entry accounting behind the scenes for you, so you just fill in the familiar on-screen forms and click Record when you're done.

When you want to learn how to edit or delete the transaction you're looking at, or how to create a new transaction, or any other task, a quick step-by-step guide is just a couple of clicks away from every window.

Accounting Made Easy

### Multi-user access

ABSS Premier lets multiple people access your business information simultaneously. ABSS Premier is issued with 1 or 3 user licenses, further licenses are available direct from ABSS as your business requirement changes.

You can set up password-protected user profiles to control which Screens, Reports, Menu Items each user has access to, ensuring sensitive business information remains discreet.

Multi-user capability can also speed up internal processes, and save your accounts personnel from being interrupted with requests for information about inventory, sales, accounts and creditors.

Secure yet flexible

### View contact addresses in Google Maps™

You can view a map of a contact's address, as well as get directions to their address via Google Maps. All you have to do is bring up the contact details stored in your ABSS card file and then click on the Google map link found inside your ABSS software. You can get directions from primary address of your business to the contact's address via Google Maps, making service rendered to your contacts that much quicker!

Now you have a great way to use the Internet and ABSS to help your business succeed.

### Analyse your business in more than 200 ways

Make more informed decisions based on accurate and detailed information:

- Over 200 flexible reports and charts
- Analyse up-to-date Profit and Loss Statements and Balance Sheets
- Produce comprehensive reports and send to Microsoft® Excel for further analysis
- Email reports for your accountants
- Use Inbuilt Data Auditor to detect common processing errors and to ensure integrity of your business information
